## Keep Track of your Library Books

Computerise your school library to allow simple issue and return of books using a barcode scanner.

# **Obtain Timely Information**

Easily access pupil reading histories, book whereabouts, library usage, most and least popular books for different pupils gender and years.

# Help and Encourage Young Readers

Abraquest includes an easy book search and reservations system.

With more exciting features coming in the future!

Search by keyword or book details such as title, author, subject.

## **Issue and Return**

Issue and Return comes in two flavours, one used when teacher is in the room and the unattended option, which is coming soon in 2017. Shown on the right is the teacher in the room option where the pupil is selected and the book is scanned to issue, return, or renew, with also the option of entering losses.

Books Overdue are available at a glance at any time.

# Book Search

Abraquest book search is simple and easy to use. Pupils can reserve books that are already out, and (coming soon) optionally issue / return books without teacher being present in the room.

Issue involves selecting the borrower and scanning, Returns just simply scanning.

Further Information: https://www.abraquest.co.uk/features/

Contains a Wealth of Information about your Library The Abraquest History Dashboard shows the user all the information they might like to know about the library, such as, who is using the library, what are the most popular books, per year, class, gender, pupil? Is the usage increasing or decreasing, and what books are just not being borrowed?

Information is available with one or two mouse clicks.

#### **Abraquest Automated Backup**

This is available as a low cost option, that saves a copy of all your library data in your own private cloud. Easy two click operation helps ensure that you will always have a backup copy of your data in the event of a problem with your library PC. Old backups are deleted automatically, the remainder being kept for up to 10 years.

Abraquest Automated Backup keeps your data safe for up to 10 years.

Abraquest is easy to setup and maintain.

Minimum System Requirements: https://www.abraquest.co.uk/about-abraquest/minimum-system-requirements/

Runs on any Windows PC from Windows XP Service Pack 2 on.

#### **Runs on a Windows PC**

Abraquest runs on any Windows PC running Windows XP Service Pack 2 up to Windows 10, and although over 10 years old, Abraquest is actively maintained to run on all the latest hardware. A new companion product is coming soon that allows Abraquest to keep track of classroom based books via a tablet or classroom computer.

#### **Connects to the Abraquest Cloud**

Your Abraquest data is currently only on your library PC, but with online access to books, backups and other services and gives customers the immense capability, flexibility and low cost of the Microsoft Azure cloud system by way of many standard and optional features built into Abraquest.

Abraquest is connected behind the scenes to the Microsoft Azure cloud system.

Offering excellent value for money, what's not to like?

# **Excellent Value for Money**

Priced from an initial £495+VAT and from £145 + VAT per year annual maintenance (depending on options chosen), Abraquest must surely offer the best value on the market. Abraquest is priced to appeal to all customers, via a number of options, so you can choose what you pay for. Also many new developments are planned, please enquire for further details.

Next Steps: You can download a 30 day trial from the schools area of www.abraquest.co.uk at any time. If you would like to order, please send in the following page, or telephone or email for a personal quotation along with any questions you may have. If you then wish to go ahead, you can email your acceptance along with a purchase order (if you require one), and we will respond immediately with everything you need to get started, along with our invoice payable within 30 days.
